PART IVA—Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 524L.A.—4th March 1944.—With reference to the footnote at the end of the Report of the Select Committee on the Bengal Agricultural Income-tax Bill, 1943, published with notification No. 361L.A., dated the 14th February 1944, in Part IV of the *Calcutta Gazette* of the 17th February 1944, it is hereby notified for general information that Mr. Mirza Abdul Hafiz, Member, Bengal Legislative Assembly, has subsequently submitted the following minute of dissent.

K. Ali Afzal,
Secretary to the Bengal Legislative Assembly.

Minute of Dissent on the Select Committee Report of Bengal Agricultural Income-tax Bill, 1943, by Maulvi Mirza Abdul Hafiz, M.L.A.

Although I have agreed with many points of the report but still there are some in which case I most respectfully differ. I have tried to note some of them as follows though in a great haste. I reserve also the right to file amendments later on when required:—

1. With respect to the partial dedication, e.g., wakf-al-al-aulad—wakf for the family discendants has not been exempted from the operation of this Act as that portion only of the agricultural income actually applied to religious and charitable purposes has been exempted. Its result would be I apprehend that the public wakf far to speak of the private wakf the tendency of making which has already been decreased to a greater extent would very seldom be made by the generous Muslims and the wakf henceforth made still existing in tottering condition would gradually cease to exist. It also can be said that the people may be allowed to public charity only overlooking that to the family descendants. But that is unpractical and if so frequently made by a large number of people it would create a chaos and anomaly in the society increasing the number of labouring class and converting the nearest and dearest ones of the wakf executors into the day labourers. So in any case it won't be beneficial if the private wakf be not exempted.

2. The agricultural income of a wife or minor child derived from land transferred directly or indirectly by the husband or father shall be deemed to be the agricultural income of the latter and consequently be taxable under this Act. This would put a barrier to the normal course freely used so long specially among the Muslims. According to Muhammedan Law there is no joint family system and so the property once

transferred as for instance by *hebabil-ewaj* by the husband or father to the wife or minor child can never be taken back by the former and the income derived therefrom directly accrues to the wife or minor child. So I do not find any reason why the agricultural income of such a property already transferred by *heba* or *hebabil-ewaj* shall be deemed to be the income of the transferor and be assessable. The Agricultural Income-tax Acts of Bihar and Assam for such reason and others have refrained from making any such provision.

3. The Appellate Tribunal system has been newly introduced by a narrow margin of votes of the members of the Select Committee. This system would entail a heavy cost in the department. In the case of the Central Income-tax Act in spite of the income of some crores of rupees per annum the Appellate Tribunal system has been introduced only the other day (1939) that is some 18 years after its introduction. Here the expected income in comparison with that of the Centre is very very limited. If by practical experiences of some years it is found that without Appellate Tribunal more facilities in appeal cases cannot be given or some other defects and difficulties are confronted with then it can be inserted at any time in near future. But while we ourselves always do press hard the Government for minimising administrative costs, there is no reason why we shall again put the Government in the similar anomalous position.

4. The general case of the buildings has been abandoned from the operation of this Act though those of the cultivators or rent receivers in connection with the agricultural land and income are included. By omitting the buildings in general case a valuable *forum* for the agricultural income has been left out.

5. With a view to keep the tenants at the safest distance from the operation of this Act the financial exemption limit according to my idea should have been made equal to that of the Bihar Act and the alternative exemption limit of only sixty standard bighas of land has been too low while the Bihar Act has exempted up to 200 acres. There is absolutely no justification to make the land exemption limit so low in Bengal. Numerous people would unnecessarily be harassed by being served with notice and in submitting returns. In Bengal the land exemption limit should be at least one hundred acres. In this connection the following points amongst many others are to mark, namely,—

(*i*) Neither the Government nor the cultivators themselves could have introduced or can introduce in near future an improved and scientific method of cultivation.

(*ii*) Owing to the huge wastage of manures in the shape of cow-dungs, raw-bones, etc., uneconomic and fragmentation of holdings, defective seeds, ignorance of cultivators, etc., the yields of the crops in Bengal have been very low.

(*iii*) The jute being a mainly important crop its cost of cultivation is undoubtedly greater than the value of the produce as the cultivators are circumstanced over and above the fact that they little get the proper marketing facilities due to the war emergency and indifference on the part of the Government also.

(*iv*) In Bengal a large number of *jote* lands are in the name of the predecessors or heads of the family in spite of many co-sharers having shares and interest in the property.

(*v*) In *char* and *beel* areas owing to thickly or over-population the cultivators very frequently keep a large number of *jote* lands in their name including diluviated, uncultivated *char* or fallow *chala* lands only in apprehension that they may not get them again in future if once abandoned or relinquished.

(*vi*) The method and procedure of determining factors of the taxable amount in each individual case regarding rate of crops in normal as well as abnormal times and various other matters being unknown, there is every apprehension that stringent measure may be adopted by which a larger section of the people may be victimised under the operation of this Act though they ought not to have been so.

6. The rate appears to be slightly high, much higher in some cases than that of the Bihar Act though lower than that of the Central Act and the slab system that has been adopted appears to be more stringent than that of the step system.

7. The Land Revenue Commission has expressed their strong opinion that the agricultural income-tax if imposed should be applied solely for the improvement of agriculture or for projects connected with agricultural improvement. But here we do not find any hint, suggestion, earmark or promise that a major portion or any portion would be spent for the improvement either of the agriculture or agriculturists.

Lastly, I am of opinion that of all the people affected by this Act, namely, of the landlords, tenure-holders and the agriculturists; the last one, and with respect to the

tion :—

communities of Hindus and Muslims the Muslim community would be affected most by the operation of this Act. By excluding the Hindu undivided family governed by the Dayabhaga Law mostly inhabited in Bengal from the purview of this Act the Hindu community has been safe from its sting on this line. However, I do not know if most of the uprising middle class people can stand the strain and save them from hardship caused by the operation of this Act as they hardly can get their children proper training, improved diet and bare medicine required for the purpose. I am afraid to predict that their future is overclouded as the Government does not come forward with the proposal that they after adopting this or other such measure would take the charge of their children to give education free up to the Matriculation Standard, supply them with improved type of diet, medicine and necessary clothings at reasonable price or help them to improve lands by irrigation and other necessary measures to produce crops treble or more like other provinces and countries.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 234L.—3rd March 1944.—The Governor having been pleased to order, under rule 48 of the Bengal Legislative Council Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

THE BENGAL EMBANKMENT (AMENDMENT) BILL, 1944.

A

BILL

further to amend the Bengal Embankment Act, 1882.

WHEREAS it is expedient further to amend the Bengal Embankment Act, 1882 for the purposes and in the manner hereinafter appearing ; Ben. Act II of 1882.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Embankment (Amendment) Act, 1944.

Amendment of section 7 of Bengal Act II of 1882.

2. In section 7 of the Bengal Embankment Act, 1882—

(*a*) for the words "or works executed" the words and brackets "or works (including any work of repair) executed" shall be substituted ; and

(*b*) after clause (*1*) the following clause shall be inserted, namely :—

Repair of embankments.

"(*1a*) that any embankment which connects public embankments or forms by junction with them part of a line of embankments or is necessary for the protection of the neighbouring country, should be repaired ;".

STATEMENT OF OBJECTS AND REASONS.

Sometimes it so happens that due to the negligence of the owner a private embankment falls into disrepair and breaches that occur in it are not closed. Collectors have no power, under the Bengal Embankment Act, 1882 (Bengal Act II of 1882) to get the repair done without taking charge of the embankment for future maintenance nor can the owner be compelled to make necessary repairs. It may not be always convenient or expedient to take charge of an embankment for future maintenance by Government. The result is that the embankment is left unattended to with the consequence that the people whose properties used to be protected by it suffer.

It is therefore proposed to amend the Bengal Embankment Act, 1882 (Bengal Act II of 1882), so that Collectors may have power to have necessary repairs done to a private embankment where considered necessary without taking charge of its future maintenance and recover the cost thereof from the people benefited by the work.

(*3*) The Returning Officer shall show all identification envelopes whether accepted or rejected to the candidates or their representatives for examination of the propriety of their acceptance or rejection, and dispose of any objection taken to his decision in the manner prescribed in sub-rule (*5*).

(*4*) The accepted identification envelopes in sets where so divided under sub-rule (*1*) will then be opened in the presence of the candidates or their representatives appearing under sub-rule (*2*) and the voting papers will be separated from their covers which will be kept aside from view and the Returning Officer will thereupon proceed to examine the voting papers to see whether they have been filled up correctly in respect of every requisite particular. (*3*) When a candidate elected for a particular electorate by operation of sub-rule (*1*) happens subsequently to receive the highest number of valid votes of another electorate he shall be allowed to choose for which of the two electorates he shall serve and the choice once made by the candidate shall be final.

When a seat of a particular electorate remains unfilled by the operation of this sub-rule or becomes vacant by the refusal of the elected candidate to serve, such refusal being signified before his name is published in the

Calcutta Gazette under rule 25, the seat may be filled by that one among the other candidates willing to accept office who has received the highest number of votes among unsuccessful candidates of the electorate affected at the election. If there is no unsuccessful candidate a fresh election shall be held to fill the vacancy thus created.

The Returning Officer shall determine which candidate should be declared as elected under this sub-rule and announce the results as soon as possible after the counting of votes.

The declaration in this case may be made either in the presence of the candidates or their representatives if present or merely by notification in the *Calcutta Gazette* under rule 25.

(*4*) The Returning Officer shall immediately report the results of the elections to the President. Should the election fail to secure members with the requisite qualifications required by section 2 in any case, the defect in respect of each electorate should at the same time be reported for the information of the President along with any defect in the number of candidates that offered for election and the want of candidates willing to accept office in circumstances contemplated in paragraph 2 of sub-rule (*3*).

22. Upon the completion of the counting votes and after the results have been declared by him, the Returning Officer shall seal up the voting papers with their identification envelopes and all other documents relating to the elections and shall retain the same for a period of six months and thereafter cause them to be destroyed.

23. The Returning Officer shall as soon as may be after the election report to the Provincial Government the names of the candidates declared elected for publication in the *Calcutta Gazette*.

24. (*c*) the sending of voting papers with the relative identification envelopes under rule 17;

(*d*) the receiving of voting papers with the relative identification envelopes under rule 18; and

(*e*) the counting of the votes under rules 20 and 21.

The dates appointed must ensure the completion of the election, in the case of a general election in ample time before the expiry of the term of office of the sitting members and, in the case of a casual vacancy under section 7, sub-section (*1*) or section 7A, sub-section (*2*) or resulting from the death or resignation of a member or from the operation of rule 31, within two months prescribed by section 8.

25. On receipt of the report under rule 21(*4*), the President shall forthwith report to the Provincial Government the results of all elections for publication in the *Calcutta Gazette*. He shall at the same time report what seats, if any, of any electorate could not be filled by election stating the reasons for the same. If the election from any particular electorate fails the Provincial Government shall order a fresh election and in case the second election also proves abortive, the Provincial Government shall appoint the requisite number of members. The members so appointed shall thereupon be deemed to have been elected from that particular electorate.

No. 538L.A.—6th March, 1944.—The following report of the Select Committee on the Bengal Supervision of Orphanage and Widows' Home Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Supervision of Orphanage and Widows' Home Bill, 1940.

We, the members of the Select Committee to which the Bengal Supervision of Orphanage and Widows' Home Bill, 1940, was referred by a motion carried in the Bengal Legislative Assembly on the 13th September, 1940, have the honour to submit this our final report with the Bill embodying amendments recommended by us annexed. Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets and all new matters recommended to be inserted have been underlined.

2. The Bill was published in the *Calcutta Gazette*, dated the 26th September, 1940.

3 As the Committee could not meet before the 30th November, 1940, the date appointed in this behalf by the Assembly, at the meeting of the Assembly held on the 4th December, 1940, at the instance of the member-in-charge of the Bill, the time for submission of the report of the Committee was extended till the 31st January, 1941, and again at the meeting of the Assembly held on the 4th April, 1941, it was further extended till the 30th June, 1941, by the House on a question put from the Chair. The Committee met for the first time on the 28th May, 1941, and at that meeting the Committee decided to circulate the Bill to all municipalities and all associations recognised by Government including some of the well-known Maternity and Child Welfare Homes for the purpose of eliciting their opinion on the Bill. Opinions received by the 15th June, 1941, the date fixed by the Committee to be the latest time for receipt of opinions were printed and circulated to the members of the Select Committee for their consideration. But as the deliberations could not be concluded before the 30th June, 1941, up to which the time for submission of the final report was extended by the Assembly, the Chairman of the Committee presented an *ad interim* report to the House on the 20th August, 1941, and on a question put from the Chair the time for submission of the final report was again extended till the 30th November, 1941. This time was further extended till the 30th September, 1942, by orders of Mr. Deputy Speaker during recess. Then again at the instance of the member-in-charge the time was further extended till 31st December, 1942, by the Assembly on a question put from the Chair on the 23rd September, 1942. This date, too, having expired without a meeting of the Committee being held, the time for submission of the final report was further extended till the 31st January, 1944, or till the commencement of the next session of the Assembly whichever is earlier by order of the Hon'ble Speaker during recess. The Select Committee met on the 24th January, 1944, and again on the 29th January, 1944, when they concluded their deliberations and came to a final decision on the provisions of the Bill.

4. The Bill has been substantially altered by our recommendation and we consider that it requires republication.

5. The changes made in the Bill, apart from mere formal and technical alterations, are as follows:—

Title.—We have recommended alterations in the title of the Bill by deleting unnecessary words.

Long Title and Preamble.—This is only a drafting change.

Clause 1.—This is only a drafting change.

Clause 2.—Sub-clauses (1) and (5).—We have considered it desirable to insert definitions of "Calcutta" and "Prescribed" in accordance with our subsequent recommendations.

Sub-clauses (2), (3), (4), (5) and (6).—We have redrafted the definitions of "marriage bureau", "orphan", "orphanage", "widow" and "widows' home" to make them more precise.

We have omitted the definitions of "Licence", "Person", "Regulation", "Registered" and "Society" as we consider these unnecessary.

Clause 3.—We have redrafted this clause and have added a proviso to enable the existing institutions to obtain licence within a specified period.

Clause 4.—This clause has been recast and made more comprehensive. The Commissioner of Police has been included as the authority competent to issue licences in Calcutta. We gave our careful consideration to the provision regarding sufficiency of funds at the disposal of the society to run the institution. But we did not consider it expedient to put such restrictions as some charitable institutions may not have sufficient funds at the outset. The other changes are of a drafting nature.

Clause 5.—In redrafting the clause we have omitted the provision that a licence may be cancelled for "any other sufficient cause" as we do not consider it expedient or desirable to give such wide powers.

Clause 6.—This clause has been recast and expanded. The provision for the inspection of the institutions has been retained in this clause. The rule-making powers of the Provincial Government have been provided in a new clause.

Clause 7.—This clause has been omitted as the provisions of this clause has been incorporated in the proviso to clause 3.

Clause 8.—In expanding and redrafting this clause we have considered the necessity of imposing a daily fine for a continuing offence.

New clauses 9 and 10.—We consider it necessary that these provisions should be included.

New clause 11.—We consider it desirable to add a new clause giving the Provincial Government powers to make rules.

It is hereby enacted as follows :—

1. This Act may be called the Bengal Wakf (Amendment) Act, 1940.

2. After section 18 of the Bengal Wakf Act, 1934, the following proviso shall be added :—

"provided that it shall not exceed Rs. 1,000 per mensem."

3. After section 23 of the Bengal Wakf Act, 1934, the following proviso shall be added :—

"provided that the salary of any such officer shall not exceed Rs. 500 per mensem."

5. After section 44 of the Bengal Wakf Act, 1934, the following section shall be inserted :—

"44A. The Board of Wakfs shall keep an up-to-date register of all the mosques in Bengal showing the following particulars :—

(*a*) Whether Panjaganah or Jumah.

(*b*) Average attendance at Panjaganah and Jumah.

(*c*) Approximate area or number of houses or adult inhabitants served.

(*d*) Whether any muktab, madrasah or library attached to it or not.

(*e*) Distance from nearest mosque or mosques.

(*f*) How and by whom maintained?

(*g*) Any other particulars that the Board may deem necessary."

6. Sub-section (*1*) with the proviso thereof of section 59 of the Bengal Wakf Act, 1934, shall be repealed and the following shall be substituted in the place thereof :—

"For covering the expenditure of the headquarters 10 per cent. of the obligatory alms (Sadaqa-i-Wajibah) locally collected shall be remitted to the Board of Wakfs."

7. After sub-section (*5*) of section 59 of the Bengal Wakf Act, 1934, the following sub-section shall be added :—

"(*6*) The Board of Wakfs shall collect and distribute locally through the agency of the local Mosque Committees, the Zakats, Fitras, and the hides of Kurbani or the prices thereof strictly in accordance with the Shariat Law : Provided that under exceptional circumstances it might be sent outside the area of collection."

8. In place of "Wakf Fund" in sub-section (*1*) of section 61 and all the succeeding sections of the Bengal Wakf Act, 1934, Baitulmal Fund shall be substituted.

9. After sub-section (*2*) of section 62 of the Bengal Wakf Act, 1934, the following shall be added :—

"And for the economic, educational and religious uplift of the Muslim Community."

STATEMENT OF OBJECTS AND REASONS.

Doubts have been raised by some ulama regarding the legality and validity according to the strict Shariat Law, of taxing the Wakf Estates against the intention and interest of the original foundors (Wakifs) under the Bengal Wakf Act, 1934, but at the same time for the proper management of the Wakf Estates some sort of supervision and control over the Mutwallis is necessary on account of their mismanagement and misappropriation in some cases and funds are required for that purpose. These funds may be obtained from some portions of the obligatory alms (Sadaqat-i-Wajibah) which are at present much misused and as the Provincial Legislature is not competent to tax the money income of the Mutwalli's share of the Wakf Estates, the Federal Government should be approached to delegate to the Provincial Legislature the authority to tax 10 per cent. of this net income of the Mutwallis out of their shares of the Wakf Estates ; and pending that the Local Government should make up the deficiency, if any.

Furthermore, as Wakfs, Mosques, Zakats, Fitras, the prices of the hides of Kurbani and all other obligatory alms (Sadaqa-i-Wajibah) are akin matters appertaining to Muslim Community alone and are governed by the Shariat Law, so all these should be administered under the same Act and by the same department with minimum cost and maximum efficiency.

Therefore, in order to make the Bengal Wakf Act, 1934, all comprehensive it is proposed to amend it by additions and modifications.

Member-in-charge.

THE BENGAL STEAMER KHALASIS BILL, 1943.

(As introduced in the Assembly on September 28, 1943.)

A

BILL

WHEREAS it is expedient to provide for better wages and service conditions for khalasis serving on board the steamers navigating in the province of Bengal;

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Steamer Khalasi Act, 1943.

(*2*) It extends to the whole of Bengal.

4. The entire staff of the steamers shall be directly under the control of the employer in charge of management of the steamer service and they will be considered servants of the employer with all the privileges, gratuity and pension to which the other staffs are entitled under the rules on completion of 20 years service.

5. The khalasi staff of the steamers on their completion of one year's service would be entitled to 3 months' leave each and every year in the following terms, viz., one month's leave with full pay and another two months' leave without pay and on the termination of leave they will be allowed to join their old posts.

He will further be allowed sick leave with full pay for the period he remains in the hospital.

9. If any employee in the khalasi staff be permanently or partially disabled on account of injuries received by him while on duty, his claim shall be considered as a claim by the Commissioner under the Workmen's Compensation Act, 1923. Act VIII of 1923.

10. Any breach of the provisions of this Act shall be penalised by a fine of Rs. 500 on a complaint made to any 1st class Magistrate.

STATEMENT OF OBJECTS AND REASONS.

The Bill aims at—

(*a*) Recognition of the khalasis directly by the employer in charge of the management of the steamers navigating in the province of Bengal.

(*b*) Total abolition of the present anomalous practice of leaving the khalasis entirely at the mercy of the masters, serangs and drivers who taking full advantage of their ignorance and economic helplessness exploit them to the fullest possible extent.

(*c*) Fixation of the minimum salary of the khalasis at Rs. 20 per month in addition to usual leave and free pass, etc.

The Bill if enacted into law would appreciably solve the growing unemployment problem of the province as the steamer companies normally require a huge number of khalasis and would improve their standard of living.

Calcutta, the 4th March 1944.

A. AHMAD, Personal Assistant,
for Director of Agriculture, Bengal.

AGRICULTURE DEPARTMENT
BENGAL.

Calcutta, the 13th March 1944.

Second Forecast of the Spring Oilseed Crops, 1943-44.

(*Note*—On an average of five years ending 1941-42 the area under linseed in Bengal has represented some 3·8 per cent. and that of rape and mustard 12·2 per cent. of the total area under these crops in India.)

Character of the season.—Since the submission of the First Forecast in December last the weather and its effect on the growth of the crops were not quite favourable. Heavy showers in January have caused some damage in certain places. Damage due to insect-pests and drought has also been reported from a few districts. The present condition of the crop, on the whole, is fair.

Area sown.—Oilseeds are chiefly grown in Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting *sesamum* for which separate forecasts are issued) is returned at 1,007,600 acres this year against 1,083,400 and 1,087,200 acres in the corresponding and final forecasts of last year respectively. The decrease in area is reported to be due to unfavourable weather condition at sowing time.

Outturn.—From the District Officers' estimates the average outturn of the different oilseed crops for the province works out at 73 per cent. of the normal against 74 and 78 per cent. reported respectively, in the corresponding and final forecasts of last year.

M. CARBERY,
Director of Agriculture, Bengal.

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor of Bengal is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said district for a period of three months, with effect from 1st April 1944:—

Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

19. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the District Health Officer or a Sanitary Inspector.

19A. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles

to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

26. Whenever the District Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain sewer or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the occupier of the land in which such privy, urinal, drain, sewer or cesspool is situated to disinfect, or to allow an officer of the Board to disinfect, the same with such disinfectants in such quantities and at such time as the said officer or inspector shall think fit.

27 The District Health Officer or a Sanitary Inspector may for the prevention of the outbreak or spread of cholera order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain, sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

RESOLUTION.

New Delhi, the 1st March 1944.

No. TRA-I-1403/6.—Soon after the out-break of the war, the Government of India realised that the available supply of technical personnel would prove insufficient for the needs of the technical branches of the Defence Services, of Ordnance and munitions factories, and of private industry engaged on war production. A scheme for the intensive training of semi-skilled personnel was, therefore, inaugurated 3 years ago. Since then over 63,000 men have been trained of whom 52,000 have joined the technical branches of the Defence Services and 3,000 have gone into Ordnance factories. Civil industries have not, however, absorbed these trainees on any large scale and their expansion has probably been supported by recruitment from the ordinary market and/or by their own training schemes. Railways and Ship-building industries have also their own apprenticeship schemes. The Technical Training Scheme of the Government of India has demonstrated that, with intensive training semi-skilled men can be trained for all industries and the standard of such men, after from 6 to 8 months' training, is at least upto, if not above, the standard reached under ordinary peace-time apprenticeship schemes of two to three years duration. It is probable that if training imparted under the Technical Training Scheme is supplemented by further "biassed" training, the final product will be more acceptable to employers.

2. For some time past, the Government of India have had under their consideration the problem of adjusting the Technical Training Scheme to the war-time needs of civil industry, and have now decidad to set up an Advisory Committee for this purpose. The function of this Committee will be to review the existing methods and syllabuses of training under the Technical Training Scheme and to advise how it should be adjusted to meet the present day needs of industry. It will also advise Government as to how Government trainees may be utilised for dilution and upgrading, so that skilled and highly skilled men can be released for more important jobs, which the less skilled workmen are unable to perform.

3. The Advisory Committee will be composed of four representatives of private engineering employers, one representative each of Ordnance factories, Railway Board and Ship-building Industry, and a senior Chairman of a National Service Labour Tribunal. The Chairman of the committee will be the Secretary to the Government of India, Department of Labour, and the Vice-Chairman will be the Director of Training, Department of Labour.

Order.—Ordered that the foregoing Resolution shall be published in the *Gazette of India* for general information.

PART VI—Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 9th February, 1944:—

L. A. BILL No. 7 OF 1944.

A Bill further to amend the Aligarh Muslim University Act, 1920, for a certain purpose.

WHEREAS it is expedient further to amend the Aligarh Muslim University Act, 1920 (XL of 1920), for the purpose hereinafter appearing;

It is hereby enacted as follows:—

1. Short title and commencement.—(*1*) This Act may be called the Aligarh Muslim University (Amendment) Act, 194 .

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

2. Amendment of Section 12, Act XL of 1930.—In sub-section (*2*) of section 12 of the Aligarh

Muslim University Act (XL of 1920) (hereinafter referred to as the said Act), the words "in the Aligarh District" shall be omitted.

3. Amendment of section 12A, Act XL of 1920. —In section 12A of the said Act, the words "in the Aligarh District" shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

The Aligarh Muslim University Act, 1920, as it stands on the Statute Book at present, debars the University from recognizing institutions and colleges outside the Aligarh District. Muslims all over India, particularly in minority Provinces, experience great hardships and inconveniences in getting recognition and affiliation of institutions run and managed by them. Besides, Muslims have quite inadequate representations in other Universities. The recent amendment of the Delhi University Act, and debates thereon are ample proofs of the difficulties experienced by them. In recent years owing to the high tensions between the two major nations of India, the condition has become still worse.

Recently the authorities of the Delhi Ramjas College, being afraid of the disastrous consequences of the new amendments to the Delhi University Act, got it affiliated with the Allahabad University. The justice and equity demand the same concession and facilities to institutions run by Muslims all over the country. Hence this Bill.

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 20th March 1944.

Second Forecast of the Wheat crop of Bengal, 1943-44.

(*Note.*—On an average of five years ending 1941-42, the area under wheat crop in Bengal has represented some 0·5 per cent. of the total area under wheat in India. The ratio of irrigated wheat acreage to total wheat acreage (*a*) in British India and (*b*) in the territory now reported on has, in the five years ending 1941-42, averaged (*a*) 47·5 and (*b*) 7·4, respectively.)

Character of the season.—Since the submission of the first forecast in January last the weather conditions have, on the whole, been favourable for the growth of the crop though some damages have been reported from certain places due to hailstorm and drought at sowing time.

Acreage.—According to the estimates of the District Officers the total area sown is 186,600 this year against 175,700 and 178,600 acres in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 77 per cent. against 78 and 90 per cent., respectively, in the corresponding and final forecasts of last year.
